### Description

When actively seeking active growth, reach for Sierrablen® Plus Active 4-5M. Thanks to ICL's patented Poly-S coating technology, this controlled-release nitrogen and potassium-rich fertilizer provides a 4-5 month sustained nutrient release, ideal for both spring and summer applications. The included full trace element package means you can promote stress recovery and increase overall plant health. Hide stress symptoms and boost your turf's vibrant color with its added magnesium content.
