

Levington® Advance

Seed and Modular F1

Low level nutrient compost which ensures the perfect start for seedlings

Description

Levington Advance Seed and Modular F1 growing media has a low base level of fertiliser to meet the individual requirements of crops and their growing regimes. With its small particle size, H2Gro wetting agent and adjusted pH to the ideal level, plants will grow happily and healthily in Levington Advance.

Benefits

- \\ Having a low level of starter fertiliser ensures even the most sensitive seedlings can grow exceptionally
- \\ Growth of the seedlings can be easily managed with water soluble fertilisers
- \\ Ideal pH levels for even plant growth
- \\ Product contains starter fertiliser
