

**Levington<sup>®</sup>  
Advance**

## Medium Coarse Potting R-MCP

Great quality drainage for both indoor and outdoor crops

### Description

Levington Advance Medium Coarse Potting is a peat reduced growing media product designed to provide a good open well drained structure with low base fertiliser levels. This is suitable for indoor and outdoor crops as well as pots, tubs & baskets.

### Benefits

- Blend of particle sizes for open structure providing improved drainage
- Ideal pH levels for plant growth
- Product contains starter fertiliser

### Attention

Please contact your ICL Technical Area Sales Manager for more detailed advice.
