

Growing media mix

Full solutions package to grow nurture and protect professional plants

Description

Our team of highly qualified advisers provide you with specific recommendations regarding the correct nutrition for your crops and which inputs can be added to customise your growing media mix. This is more essential when growing in a non-peat based growing media. Our advisers are there, not only at the outset, but provide advice continually throughout the growing season, making sure that you maximise your crops' quality and profitability.

Benefits

- \\ Complete solutions package
- \\ Tailored specifically to growers needs
- \\ Supplied in various sizes suitable to your nursery

Attention

Please contact your ICL Technical Area Sales Manager for more detailed advice.
