Description

Cater to your fruit, vegetable, and arable crops' every nutritional need with Agrolution® Special 125 fertigation fertiliser. With its high-potassium NPK formula and full trace element package, you can be sure that this acidifying, water-soluble application will provide the right nutrient ratio and improve nutrient availability for your plants. With its enhanced purity, solubility, and acidifying effect, you can prevent deposits and blockages from occurring within your soft water irrigation systems.
