Description

ICL Solinure is the dependable “workhorse” of the specialty agriculture range. You can depend on Solinure for purity, ease of use and crop responsiveness. The cleanest raw materials on the market produce a trouble-free product for mixing and applications.

Benefits

- Consistent and reliable quality - clean with low impurity levels
- A complete range - the right formulations for every need
- Chloride free - kinder to your crops
- Trace elements - 100% EDTA chelated to maximise uptake
- Hassle-free - keeps drippers clean

How to use

Ideal for mid-season flowering and fruiting, where potassium (K) is needed. Suitable for all times of watering systems, sprinklers, pivot and drippers. Also open field and greenhouse cultivation.
