Elemental

N	Total Nitrogen	10%
	Nitrate nitrogen (N-NO3)	2%
	Urea nitrogen (N-Urea)	8%
P	Phosphorus	2.2%
	Water soluble (P)	2.2%
K	Potassium	8.3%
	Water soluble (K)	8.3%
Mg	Magnesium	9.6%
	Water soluble (Mg)	9.6%
S	Sulphur	12.8%
	Water soluble (S)	12.8%
B	Boron	0.250%
	Water soluble (B)	0.250%
Cu	Copper	0.0760%
	Water soluble (Cu)	0.0760%
	Copper EDTA (Cu)	0.0760%
Fe	Iron	0.1400%
	Water soluble (Fe)	0.1400%
	Iron DTPA (Fe)	0.1400%
Mn	Manganese	0.2600%
	Water soluble (Mn)	0.2600%
	Manganese EDTA (Mn)	0.2600%
Mo	Molybdenum	0.0011%
	Water soluble (Mo)	0.0011%
Zn	Zinc	0.0760%
	Water soluble (Zn)	0.0760%
	Zinc EDTA (Zn)	0.0760%

Characteristics

Description

Agroleaf® Power Magnesium works to rectify and prevent magnesium deficiencies found in such soil types as acidic, light, and sand. Containing NPK, magnesium, and sulphur, it also increases photosynthesis and chlorophyll production. Perfect for crop recovery, stress relief, and cell stretching. Power Magnesium is made up of clean, raw materials that generate a rapid crop response. Its high sulphate levels and trace elements help nurture oil producing and brassica crops. It's easy to apply, as it dissolves quickly, preventing any chance of spray blockage.

Benefits

- \\ Cures and prevents magnesium deficiencies
- \\ Improves photosynthesis and chlorophyll production
- \\ Helps crop recovery, stress relief and cell stretching

How to use

- 1 Apply under high pressure.
- 2 Can be mixed with many fungicides/insecticides.
- 3 For all mixes with chemicals, do a small trial before using on a large scale. Check response in 2 or 3 days.
- 4 Avoid spraying in periods of unfavorable conditions (for example bright sunlight, high midday temperatures, and high evaporation periods).
- 5 If you need more information, please contact your technical support.

Application rates

Dissolve 3-5 kg in 200-1000 liters of water per hectare for outdoor applications.

We recommend a 0.3% solution for greenhouse application.

Trial first on a small scale before changing the rate, or any other variables, As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.

Attention

Please contact your ICL Technical Area Sales Manager for more detailed advice.
