## Description

With an N:K ratio of 2:1, it's Lime for you if growth is your concern. It's packed with NPK, Mg, and a complete range of trace elements. Its special ingredients, along with the Bright Solution System, help it dissolve quickly. You'll see a quick response, and thanks to our Universol® stringent quality control, you can always depend on the same composition.

## Benefits

- \\ Designed for growth with an N:K ratio of 2:1
- \\ Fast effect, strong performance
- \\ Excellent quality and value

## Characteristics

## How to use

- 1 We recommend using Universol® Lime at the beginning of crop cycle, just after application of Universol® Yellow (high phosphate content).
- 2 For strong-growing crops Universol® Green can be used for a longer period of time, as it has the ideal balance of immediately available nitrate nitrogen and ammonium nitrogen for mid/long term.
- 3 Store under dry conditions.
- 4 Close partly used or damaged bags securely.
- 5 If you need more information, please contact your technical support.
