

Greenmaster[®] Pro-Lite[®]

Spring & Summer

 Supporting your turf through the growing season

14		5		10		2.0
N		P ₂ O ₅		K ₂ O		MgO

Description

Greenmaster[®] Pro-Lite Spring & Summer is your go-to precision nutrition solution for the main part of the growing season. It gives you both high levels of nitrogen – essential for good top growth on fine turf – and balanced levels of phosphate and potash – for a vibrant sward and to replenish nutrients lost from grass clippings. It also includes magnesium to enhance your turf's health and color.

Guaranteed analysis

Oxide

N	Total Nitrogen	14%
	Ammoniacal nitrogen (N-NH ₄)	5.1%
	Urea nitrogen (N-Urea)	8.9%
P ₂ O ₅	Phosphorus Pentoxide	5%
	Water soluble (P ₂ O ₅)	4.3%

K ₂ O	Potassium Oxide	10%
	Water Soluble (K ₂ O)	10%
MgO	Magnesium Oxide	2%

Benefits

- Great turf color from N & Mg
- High quality formulation for reliable release patterns
- Maintains strong growth through the early season
- Consistent spread even at low rates

Application rates

Recommended rate:

30-35 g/m²

Trial first on a small scale before changing the rate, or any other variables. As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.

How to use

- 1 Apply from April to July.
- 2 Apply to dry foliage and irrigate after 1-2 days if no rain has fallen.
- 3 Irrigation will aid dispersion and minimize any risk of mower pick-up on close-mown surfaces.
- 4 Avoid applying in frosty conditions or drought.
- 5 Water-in after application to minimize foot-printing risk.

- 6 Delay verti-cutting and/or grooming for 3 days after application to allow the granules to disperse.
- 7 Do not apply if there is a risk of contact with concrete, marble, stone, fabric, etc.
- 8 Brush off any spillages on paving slabs, concrete, clothes, etc. immediately, as product may cause discoloration.
- 9 If you need more information, please contact your technical support.

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
