

Osmoform®

High N

Give your plants the power of pure nitrogen with Osmoform® High N

38 | 0 | 0
N P₂O₅ K₂O

Guaranteed analysis

Oxide		
N	Total Nitrogen	38%
	Urea nitrogen (N-Urea)	7.5%
	Ureaformaldehyde (N-MU)	30.5%
P ₂ O ₅	Phosphorus Pentoxide	0%
K ₂ O	Potassium Oxide	0%

Description

Give your plants that pure nitrogen hit with Osmoform® High N slow-release fertilizer. Unlike coated forms of fertilizer, your plants will feel the benefits of long nitrogen chains, which break down slowly according to microbiological activity, temperature, and humidity. With its balanced-composition pure nitrogen content, you'll see your plants' instant reaction and long-lasting benefit for 8-10 weeks.

Benefits

- \\ Fine granules that are easy to mix and apply
- \\ Attractive greening effect
- \\ Dust-free

How to use

- 1 Use Osmoform® High N especially for base dressing in nitrogen fixating growing media. The nitrogen in the product releases over a period of approximately 8-10 weeks after application.
- 2 Mix easily into the growing media thanks to Osmoform® High N's 0.5 - 1.4 mm granules.
- 3 Properly seal partly used or damaged bags.
- 4 Store under dry conditions.

Application rates

	Light feeding	Heavy feeding
Container Nursery Stock	0.25 g/l	0.25 g/l
