

# Nutri<sup>®</sup> Liquid

NPK 5-10-10

Give me 5-10-10 for plenty of phosphorus and potassium

5 | 10 | 10  
N P2O5 K2O

## Guaranteed analysis

Oxide		
N	Total Nitrogen	5%
	Urea nitrogen (N-Urea)	5.0%
P2O5	Phosphorus Pentoxide	10%
	Water soluble (P2O5)	10.0%
K2O	Potassium Oxide	10%
	Water Soluble (K2O)	10.0%

## Description

Potassium and phosphorus – two vital nutrients your crops don't want to be short of. One helps your plants photosynthesize, while the other plays several key functions in plant growth. Nutri Liquid NPK 5-10-10 is a liquid fertilizer with a high content of potassium and phosphorus, plus enough nitrogen to give your plants the energy they need to optimize efficiency, quality, and yield. Nutri Liquid NPK 5-10-10 contains 10% potassium oxide, 10% phosphorus pentoxide, and 5% nitrogen.

## Benefits

- High level of phosphorus and potassium
- Total availability of nutrients
- Precise, safe, and consistent dosing through fertigation

## How to use

- For more information or recommendations, contact your nearest ICL distributor or representative for your area.

## Application rates

## Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
