Description

Nutri Liquid 8-4-8+2CaO comes from our line of NPK liquid fertilizers and contains a generous does of two macronutrients that your crops rely on for growth: nitrogen and potassium. The calcium holds plant cell walls together and helps the root system to develop properly. Enjoy the convenience of this ready-mixed solution, which has been tailored to your plants' specific agronomic requirements. Nutri Liquid 8-4-8+2CaO contains 8% nitrogen, 8% potassium oxide, 4% phosphorus pentoxide, and 2% calcium oxide.

Benefits

Rich in nitrogen and potassium, plus added calcium

\(\) Total availability of nutrients

Precise, safe, and consistent dosing through fertigation

How to use

- Since circumstances and application may differ, ICL cannot be held responsible for any negative results. Perform a small trial for the first time and before any new applications, dose changes, or other changes in your cultural practices.
- 2 For more information or recommendations, contact your nearest ICL distributor or representative for your area.
