

# Nutri<sup>®</sup> Liquid

N20

Lift your crops up to new levels with 20% nitrogen

20 | 0 | 0  
N P2O5 K2O

## Guaranteed analysis

Oxide		
N	Total Nitrogen	20%
	Nitrate nitrogen (N-NO <sub>3</sub> )	10.0%
	Ammoniacal nitrogen (N-NH <sub>4</sub> )	10.0%
P <sub>2</sub> O <sub>5</sub>	Phosphorus Pentoxide	0%
K <sub>2</sub> O	Potassium Oxide	0%

## Description

Nutri Liquid N20 is a liquid nitrogen solution that gives your crops a kick, helping them get the nutrition needed to grow to their full potential. Specially created to cater to different crop needs, the product contains 20% nitrogen in nitric and ammonia form. You can use the product right away and it's adapted specially in line with your crops' agronomic requirements. Nitrogen is the most indispensable nutrient for yield response in crop plants, so if it's growth you want, go for Nutri Liquid N20.

## Benefits

- \\ Packed with 20% nitrogen for better crop yield
- \\ Full nutrient availability
- \\ Accurate, safe, and homogeneous dosing – no need to dissolve first

## How to use

- 1 These formulations are designed for use in fertigation, particularly drip irrigation, and you can use them on all crops at any stage of their growth cycle.
- 2 Determine the dosage according to the specific characteristics of each crop and the conditions they are grown in, for example the type of soil or substrate, the quality of irrigation water, and the phenological stage of the crop or cultivar.
- 3 Store under dry conditions.
- 4 Properly seal partly used or damaged bags.
- 5 For more information or recommendations, contact your nearest ICL distributor or representative for your area.

## Recommended period of use

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
