

Combifert®

12-24-8+8SO₃

Turbocharge your crops with phosphorus and nitrogen

12 | 24 | 8 | 8
N P₂O₅ K₂O SO₃

Guaranteed analysis

Oxide		
N	Total Nitrogen	12%
	Ammoniacal nitrogen (N-NH ₄)	6.7%
	Urea nitrogen (N-Urea)	5.3%
P ₂ O ₅	Phosphorus Pentoxide	24%
	Water soluble (P ₂ O ₅)	22.5%
K ₂ O	Potassium Oxide	8%
	Water Soluble (K ₂ O)	8%
SO ₃	Sulphur trioxide	8%
	Water soluble (SO ₃)	8%

Description

Combifert® 12-24-8+8SO₃ delivers a huge dose of phosphorus and a dollop of nitrogen. Ideal for growing vegetables, fruits, and extensive arable crops hungry for both nutrients. Easy to apply and includes a modest amount of sulfur, vital for healthy crop development. Your fast track to outstanding crop performance.

Benefits

- \\ Feeds phosphorus and nitrogen-hungry crops
- \\ Contains sulfur – essential for crop development
- \\ Tailor-made for more efficient and balanced nutrition

How to use

- 1 Apply evenly to the surface of the soil, close to the root system.
- 2 Scratch into the soil.
- 3 Alternatively, localize the application and bury the granules in rows close to the root system.
- 4 For more information or recommendations, please contact your ICL distributor or ICL advisor for your area.

Application rates

300 to 700 kg of fertilizer per hectare, depending on the type of crop and expected yield.

Trail first on a small scale before changing the rate, or any other variables, As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
