Description

This liquid fertilizer is the perfect thing when you're fertigating your crops: there's no need to dissolve it beforehand. It's a special formulation featuring 8% nitrogen to boost your plants' growth and 15.5% calcium to build strong cell walls and to improve uptake of other nutrients. It's a cost-effective, efficient way of safely ensuring your plants get what they need, in an accurate homogeneous dose.

Benefits

- \\ Calcium and nitrogen in liquid form
- \\ Ideal for fertigation
- \\ Safe, simple to use, good value

How to use

- 1 Store under dry conditions.
- 2 Properly seal partly used or damaged bags.
- 3 If you need more information, please contact your technical support.
