

ProSelect®

Speeder Sport

The fast track to winning turf

Description

ProSelect® Speeder Sport is a seed mixture ideal for new ornamental lawns, fairways, and sports training grounds that demand speedy establishment and high wear resistance. With its intense colour, it's also visually appealing with good tolerance to low and high temperatures.

Benefits

- \\ Greater resilience
- \\ High tolerance to wear
- \\ Resistant to low & high temperatures

How to use

Mowing height: 20 – 45 mm. If you need more information, please contact your technical support.

Application rates

Average sowing rate:	30 g/m ²
----------------------	---------------------

Try first on a small scale before changing the rate, or any other variables. As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
