

ProSelect®

Strong

Turf that still goes strong all year round

Description

ProSelect® Strong has been specially developed based on tall fescues, to create superior sports fields and lawns that are often under high stress and face extreme conditions such as high temperatures, high salinity, minimal water, or excessive moisture.

Benefits

- \\ Ideal in areas of flood or drought
- \\ Excellent wear resistance
- \\ Performs well in winter too

How to use

Mowing height: 35-50 mm. If you need more information, please contact your technical support.

Application rates

Average sowing rate:

27,5 g/m²

Try first on a small scale before changing the rate, or any other variables. As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
