

Transition

The smoothest transition between grasses for gorgeous turf all year

Description

Looking for a smooth transition between cool and warm season grasses on your fairway or sports field when the higher summer temperatures hit? ProSelect® Transition is the perfect mix of annual and perennial ryegrasses that are similar in colour to help blend into Bermuda grass. Breakout annual ryegrass establish rapidly in the cool season, while Agreement creates greater density to help keep weeds at bay.

Benefits

- Smooth transition to Bermuda grasses
- Excellent high-density turf quality
- 🚺 Ideal for all over-seeding needs

How to use

Mowing height: > 12 mm. If you need more information, please contact your technical support.

Application rates

Average sowing rate:

60 g/m²
