

ProSelect®

Titanium 2LS

100% Festuca arundinacea

Description

Laterally fantastic Titanium 2LS is setting the bar high for the next generation of tall fescue cultivars. Titanium 2LS exemplifies the perfect high quality turfgrass; it's dark green, very dense and has excellent wear tolerance. Titanium 2LS is an excellent choice for sod farms and other applications where only the best variety will do. In addition, Titanium 2LS is very drought tolerant, keeping its great looking appearance late into the summer even under less-than-ideal conditions. Titanium 2LS is also able to grow successfully in soil that has low fertility. And with all MVS varieties that carry the Lateral Spread brand, Titanium 2LS has aggressive lateral spread ability.

Benefits

- \\ Aggressive lateral spread
- \\ Excellent SOD strength
- \\ Endures lower fertility soils

How to use

Mowing height: 25 – 35 mm. If you need more information, please contact your technical support.

Application rates

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
