Description

Root out inconsistent growth for your field-grown trees and shrubs with Landscaper Pro® Flora Tablets. Based on Osmocote®'s world famous technology, this tablet fertilizer provides a reliable controlled release of nutrients over a pre-defined 12-14 month period. Your plants are sure to absorb most of the nitrogen, phosphorus, and potassium content, without any vital nutrients being washed away into drains, ponds, or ditches.

Benefits

- \\ Comes in molded or granule form
- \\ Controlled and dependable nutrient release
- \\ Ideal formula for trees and shrubs

How to use

- 1 Contains Iron: Do not allow product to come into contact with marble, stone, fabric, concrete, swimming pools, etc. As product can cause discoloration, brush off immediately if spilt on concrete, paving slabs, clothes, etc.
- 2 If you need more information, please contact your technical support.

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
