	Water soluble (P2O5)	10.2%
K2O	Potassium Oxide	12%
	Water Soluble (K2O)	12.0%

Description

Get your turf ready for the cooler seasons with this pre-stress conditioner. Apply at the end of the summer to boost root growth, and to harden your turf so it can cope with the rigors of the winter. This NPK-packed fertilizer is simple to apply evenly; it features compound mini-granules, for up to 6 weeks of nutrition for your grass.

Benefits

- \\ Ideal autumnal pre-stress conditioning
- \\ Promotes healthy root growth and toughens up turf
- \\ Easy to apply

How to use

- 1 Apply to dry foliage. Irrigation helps with dispersion and lowers risk of mower pick-up on close cut surfaces.
- 2 Delay any vertical cutting and/or grooming until 3 days after application, to allow the granules to properly disperse.
- 3 If you need more information, please contact your technical support.

Recommended period of use

JAN FEB MAR APR MAY JUN JUL AUG SEP OCTNOVDEC
