

ProSelect®

Greens 80/20

Create compact turf with stunning aesthetics

Description

ProSelect® Greens 80/20 is a fescue and bent grass seed mixture. With 80% slender creeping red/chewings fescue and 20% browntop bent, it delivers a dense turf with tremendous visual quality for golf and bowling greens, plus a stunning winter color to round it off.

Benefits

- \\ Excellent for golf and bowling greens
- \\ High shade tolerance
- \\ Maintains good winter color

How to use

Mowing height: 5 – 7 mm. If you need more information, please contact your technical support.

Application rates

Average sowing rate

30 g/m²

Try first on a small scale before changing the rate, or any other variables. As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.

Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
