

# ProSelect®

## Fairway Fescue

Low input, great in shade and looks outstanding

## Description

ProSelect® Fairway Fescue is ICL's premium fairway blend ideal for overseeding. You can use it on soils with a high salt content such as links courses. Fairway Fescue gives you all the benefits of being low-growing, low-maintenance and suited to shaded areas. It has good drought tolerance, is disease-resistant, and provides a high shoot density with fine-leaved appearance.

## Benefits

- \\ Outstanding blend for fairways
- \\ Great shade tolerance
- \\ Good salt tolerance

## How to use

Mowing height: 10 – 12 mm. If you need more information, please contact your technical support.

## Application rates

Average sowing rate	30 g/m <sup>2</sup>
---------------------	---------------------

Try first on a small scale before changing the rate, or any other variables. As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.

## Attention

Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results. Contact your ICL advisor for more detailed advice.
