

Easy Green

Keeping your green green made easy

Description

Treating vast areas of grassland can take forever. Why not make it easier for yourself? Easy Green rotary spreader distributes granules quickly, evenly, and accurately – covering a width of approximately 3 meters. Then you can spend more time admiring the results. Just adjust the setting to the product you're using, whether lawn food or grass seed, and off you go. The on/off grip handle makes starting and stopping the spread easy and accurate when you get to the end of a strip.

Benefits

- \\ Suitable for large lawns, paddocks, and orchards
- \\ Wide coverage (up to 3 meters in width) to feed large lawns easily
- \\ Adjustable handlebar for comfortable use and storage

How to use

- 1 Use swath width recommended. Test the spread rate and pattern on a small area first. Results can depend on weather, spreader condition and walking speed.
- 2 Empty, wash, clean, and dry after each use.
- 3 If you need more information, please contact your technical support.

Application rates

Trail first on a small scale before changing the rate, or any other variables, As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.
