

SS-2 Drop Spreader

Easy-to-use, built-to-last and ultra-accurate application – Drop Spreader SS-2 has got you covered

Description

If you're seeking an all-round spreader providing precise application rates, your perfect solution lies in the SS-2 Drop Spreader. Spread your seeds with both less effort and increased accuracy thanks to its sturdy stainless-steel frame, large tires, and ergonomic extended handle. Its front and rear lift handles allow you to load and unload your grass seed and fertilizers with absolute ease.

Benefits

- \\ Accurate application with gauge setting
- \\ No assembly required
- \\ Larger tires for enhanced pushing and steering

How to use

- 1 Do not use for coated, controlled release products.
- 2 If you need more information, please contact your technical support.

Application rates

Trail first on a small scale before changing the rate, or any other variables, As circumstances can differ and the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.
